

3rd International Conference on Sustainability Education DAY 2

Theme: Climate Literacy
September 10, 2021 (Friday)

Session 7: - Education for Advancing Circular Economy

By

Time: 15:30 - 16:30 hrs IST (GMT + 5:30)

CONCEPT NOTE

Speakers

1. Mr Prabhjot Sodhi, Senior Programme Director, Centre for Environment Education
2. Dr Pramod Kumar Sharma, Senior Director of Education, Foundation for Environmental Education.
3. Ms Shalini Sharma, Founder Director, Global Institute for Circular Economy & SDGs

Circular Economy as a perspective is inspired by the natural world where there is no concept of waste. Everything in the natural world is a resource for the next level or step in the cycle of interdependence. A circular economy is an integrative concept that brings together many sustainability ideas together and has the potential to the SDG Agenda 2030.

The experts will share their experience on

- Basics of a Circular Economy and its potential to revitalise planet, people and profit.
- Education for Advancing Circular Economy in Schools.
- Emerging Career opportunities in a Circular Economy.
